Chapter 1 by lil mama

What is the point of school? People don't pay attention or they fall asleep. Unless your a nerd. When are you every going to see algebra on a resume? I usually talk to friend, and get in trouble. There is always that one popular group of girls. They are so snobby, and they think the are the best. NOPE. Then there is me. I am low key popular. Yes I have got beat up and yes people are mean, but people still like me and boys still want to date. My parents don't like me and I'm okay with that. I used to cut myself over anything. But its really stupid. I always wanted to die. But I'm still here and I know I can survive.
